A chance for APC or general Holistic Pulsing swaps, scrumptious dinner preparation, dialogue with co-pulsers, ponder the proposed change to 'registration' in place of APC to be discussed at the AGM.

Saturday 27th May

Morning – an opportunity to explore the local Nelson markets or remain at the beautiful Wheelhouse Inn for some planned or spontaneous peer contracted pulsing.

Lunch – with sensational views and stimulating conversation.

130pm – 330pm – Workshop

'ALL YOU EVER WANTED TO KNOW ABOUT HOLISTIC PULSING (and never dared to ask!).

An open forum, fun, interactive workshop facilitated by Peta Joyce

Where you get to ask any questions about HP practice and others will share their experiences, skills etc.

For example;

* What would I do if my client jumped off the table in a rage and started beating her fists on it? (Yes, it happened to me and she cracked my table!!)

* That wild arm throwing thing I see another practitioner doing, how do I do it and when would I use it?

* Would I work any differently with someone with specific conditions like sciatica, nausea, insomnia....

* My client always falls asleep on the table, is that normal?

* My client talks about trivia all through the session, what's going on? How should I respond?

4pm – 6pm – AGM – A concise but juicy [AGM with your thoughts and input appreciated.](#)

Evening - a time for reflection, digesting new knowledge (or tasty food!), pulsing anywhere, anyway, anymove you will, rippling within and out to our community. And even more pulsing for those looking for a bliss-filled nights sleep.

Sunday 28th May

Morning – connecting, pulsing, rippling for the finale of the Holistic Pulsing weekend, allowing time for those that need to get away before/by lunch.

Lunch – a feast of leftovers for lunch and sharing out any leftovers to take home.

After lunch – rippling hugs, cleaning, weeping, pulsing goodbye, down to the end of another fantastic weekend together!

And beyond – reflecting, vowing to return next year, and booking in for [the next retreat](#) (South Island Nelson Lakes, August 2017) ...aaahhhhh....
